

MP PRACTICAL ASSIGNMENT 10

Ques List the different components of Motherboard.

Ans Different types of components of Motherboard are

- | | |
|--|---|
| (i) Back pane connectors | (ii) Heat sink |
| (iii) 4-pin (P4) power connector | (iv) Inductor |
| (v) Capacitor | (vi) CPU socket |
| (vii) Northbridge | (viii) Screw hole |
| (ix) Memory Slot | (x) Super i/o |
| (xi) ATA/IDE disk drive primary connection | (xii) 24-pin ATX power supply connector |
| (xiii) Serial ATA connections | (xiv) Coin cell battery (CMOS backup battery) |
| (xv) RAID | (xvi) System panel connectors |
| (xvii) FWH | (xviii) Southbridge |
| (xix) Serial port connector | (xx) USB headers |
| (xxi) Jumpers | (xxii) Integrated circuit |
| (xxiii) 1394 headers | (xxiv) SPDIF |
| (xxv) CD-IN | |
